Architectural Technologist (Intermediate/Senior) - 2 positions

LOCATION

Toronto and Ottawa, Ontario, Canada

Moriyama & Teshima Architects (MTA) is a team of architects, planners and designers collaborating with clients to build inspiring and enduring spaces that transform communities and reinforce civic identity. The office offers services in architecture, master planning and urban design, interior design and program development. MTA's extensive portfolio of Canadian and international projects covers museums and art galleries, university buildings, schools, corporate and government headquarters, recreational facilities, libraries, restoration and renovation projects, and urban/campus planning. With a long-standing core of design traditions that continue to define the practice, our studio is made up of individuals who reflect the cultural diversity that defines our global present: a combination of industry leaders and young designers working together to design and deliver exceptional projects.

Our headquarters are in Toronto, with a second office in Ottawa.

While our work is primarily focused in Canada, we also complete significant projects internationally, particularly in the Middle East.
