Project Architect

LOCATION

Toronto, Ontario, Canada

Moriyama & Teshima Architects (MTA) is a team of architects, planners and designers collaborating with clients to build inspiring and enduring spaces that transform communities and reinforce civic identity. The office offers services in architecture, master planning and urban design, interior design and program development.

MTA's extensive portfolio of Canadian and international projects covers museums and art galleries, university buildings, schools, corporate and government headquarters, recreational facilities, libraries, restoration and renovation projects, and urban/campus planning. With a long-standing core of design traditions that continue to define the practice, our studio is made up of individuals who reflect the cultural diversity that defines our global present: a combination of industry leaders and young designers working together to design and deliver exceptional projects.

Our headquarters are in Toronto, with a second office in Ottawa.

While our work is primarily focused in Canada, we also complete significant projects internationally, particularly in the Middle East.

POSITION OVERVIEW

We are currently seeking a design-oriented Project Architect with 7+ years of experience to contribute as a vital team member, assisting with all phases of our varied projects. Scope of work will vary according to the skill level and experience of the candidate but will include team leadership and project management responsibilities.

QUALIFICATIONS INCLUDE

- M.Arch degree and license with the OAA.
- 7+ years of relevant experience as designer and project architect. Background in institutional work is preferred.
- Experience in all phases of architectural service, from concept development and planning to the development of construction details, through to tender and construction and administration.
- **Strong Revit skills are a must for this role.** Proficiency in CAD and other pertinent software including SketchUp, Photoshop, Illustrator and MS Office are also valuable.
- Understanding and experience applying good project management principles, including schedule and workplan development.
- Self-starter with good problem-solving ability.
- Ability to effectively meet deadlines.
- Competent knowledge of building materials, specifications, and construction techniques.
- Experience in dealing with government agencies, building codes, and zoning ordinances.
- Ability to communicate effectively with coworkers, clients, consultants, and contractors.
- Knowledge of professional ethics applying to the practice of architecture.
- Clearance through Contract Security Program is an asset.

APPLICATION REQUIREMENTS

- CV detailing education, work experience, technical skills, and OAA status.
- A portfolio demonstrating your design and representational skills and experiences.

TO APPLY PLEASE SUBMIT YOUR COVER LETTER, RESUME AND PORTFOLIO LINK TO: employment@mtarch.com with "Project Architect" in the subject line.

While all applications are appreciated, only candidates selected for an interview will be contacted. Thank you for your interest.

Moriyama & Teshima Architects is committed to providing a fair and equitable work environment and encourages applications from qualified women, men, visible minorities, aboriginal peoples and persons with disabilities.
